## NOTICE

Date: 10th December 2023

### Online Quiz Contest on National Energy Conservation Day

The Department of Physics is pleased to announce an Online Quiz Contest in celebration of National Energy Conservation Day. This event aims to raise awareness about the importance of energy conservation and encourage sustainable practices among students.

#### Event Details:

**Date:** 14th December 2023

**Time:** 3:00 pm - 5:00 pm

**Platform Used:** Google Forms

**Participation:** We invite all students to participate in this informative and engaging contest. The quiz will test your knowledge on various aspects of energy conservation and sustainable practices.

#### Instructions for Participants:

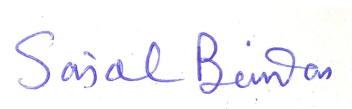

The quiz link will be shared via email and WhatsApp groups on the day of the event.

Ensure you have a stable internet connection for smooth participation.

The quiz will consist of multiple-choice questions and will be time-bound.

Top performers will be recognized and awarded with certificate.

We look forward to your active participation and enthusiasm in making this event a success. For any queries, please contact the Department of Physics.
